

EAST-WEST GATEWAY
Council of Governments

Creating Solutions Across Jurisdictional Boundaries

MEMORANDUM

TO: Missouri Transportation Planning Committee
FROM: East-West Gateway Staff
DATE: Friday, September 30, 2022
SUBJECT: Wednesday, October 5, 2022 meeting

The next meeting of the Missouri subcommittee of the Transportation Planning Committee (TPC) is scheduled for Wednesday, October 5, 2022 at 2:00 p.m at East-West Gateway Council of Governments offices. Reminder parking is available at Stadium-East Garage.

Online option to view the meeting via:

Computer: <https://attendee.gotowebinar.com/register/133104005182098188>

If you have any questions or concerns regarding the enclosed materials or the upcoming meeting please contact EWGCOG. The agenda for the meeting is as follows:

AGENDA

1. Call to order
2. Regional System Performance Dashboard, Saranya Konala, EWGCOG
3. Gateway Green Light, Amanda Brauer, St. Charles County
4. Functional Class Update, Brendin Giblin EWGCOG – ACTION ITEM
5. Reasonable Progress – Brad Williams, EWGCOG
6. Other Business
 - Next meeting scheduled for Wednesday, November 2, 2022 at 2 PM

Chair
Dennis Gannon
County Executive, Jefferson County

Vice Chair

Mark A. Kern
Chairman, St. Clair County Board

2nd Vice Chair

Tishaura Jones
Mayor
City of St. Louis

Executive Committee

Tim Brinker
Presiding Commissioner
Franklin County
Steve Ehlmann
County Executive, St. Charles County

To: Transportation Planning Committee

From: Staff

Date: September 30, 2022

Subject: Functional Classification Update

Functional classification is the process by which all roadways are grouped into classes according to the type of service they provide. The Federal Highway Administration (FHWA) requires the use of functional classification to determine eligibility for federal funding. There are three principal roadway classifications: arterial, collector, and local roads. To be eligible for Surface Transportation Block Grant – Suballocated (STP-S) funds, a roadway must be classified as a minor collector or higher in an urban area or a major collector or higher in a rural area.

In order to accurately reflect changes in land use and travel patterns, staff, along with the Missouri Department of Transportation (MoDOT) and the Illinois Department of Transportation (IDOT) solicits revision applications from member agencies semi-annually and conducts a full system review every three to five years. County and municipal officials submitted applications requesting functional class changes to East-West Gateway in May of 2022. Additionally, EWG staff conducted the Missouri portion of the system-wide review with MoDOT.

The applications were reviewed in the context of FHWA guidelines including mobility, accessibility, and connectivity. Requested changes are recommended where it is deemed that a road’s current classification is no longer consistent with its function. Sometimes, current conditions do not support a change in classification as requested.

At this time, 114 changes in Missouri are recommended to the system. A list showing the recommended changes is included in this memo. Once approved by the Board of Directors, the update will be sent to MoDOT headquarters for final review and subsequent submittal to FHWA for final approval.

Staff Recommendation:

Staff recommends adoption of the functional classification update as shown on the following pages.
