How to use the online Public Officials Directory

The easiest way to find information in this online directory is by turning on the bookmarks.

To find a specific item:

--To find a **municipality**, click on the "List of Cities in the St. Louis Region by County" bookmark. This will bring up the list of all municipalities in the St. Louis region by county. Click on the city or county to go directly to that page.

--To find **fire, ambulance and school districts**, click on the "Fire and Ambulance Services" or "School Districts" bookmark in the appropriate county.

-- To find **state and federal legislators**, click on the state or federal legislature bookmark in the appropriate state.

--To find a specific **regional organization**, go to the "Regional Organizations" bookmark, find the organization on the bookmark list, and click it to go directly to that specific organization.

Finding a name:

The easiest way to find a person by name is to use the Acrobat search feature.

Discovering an error

If you find an incorrect entry or typo or odd formatting, please let us know. You can email us at pod@ewgateway.org or click on the link at the bottom of each page in the online version of the directory. In your email, please include the page number with the error.

Ongoing updates

We strive to keep the directory as current as possible throughout the year, and we regularly receive changes from jurisdictions and organizations. To view/download the most recent directory, go to www.ewgateway.org/pod.
